

Johan Callermo | PhD Economist

Stockholm – Sweden

☎ +46 73 647 97 36 • ✉ johan.callermo@hhs.se

Profile

I am a soon-to-graduate PhD economist with broad interests including competition, regulation, innovation, trade and security. My research focuses on the “institutional plumbing” of market economies, with a particular emphasis on European competition law. I have a professional background in the international non-profit sector and substantial leadership experience. My practical skillset includes dealing quantitatively with large text-based datasets such as government decision-making and court judgments, including OCR tools, web scraping, database management, machine learning strategies and econometrics.

Education

Stockholm School of Economics <i>PhD in Economics</i> Dissertation: <i>Essays on Competition, Regulation and Firm Productivity</i> .	Stockholm, Sweden 2020-2027
Stockholm School of Economics <i>BSc in Business & Economics</i> Thesis: “Using Voting Rights to Estimate Swedish Wealth Inequality in the Late Nineteenth Century” (coauthored with Johan Allen).	Stockholm, Sweden 2017-2020
Swedish Defence University <i>Political Science, 60 ECTS</i> Specialization in crisis management and international cooperation.	Stockholm, Sweden 2011-2012

Professional Experience

University of Bonn Macrofinance and microhistory lab <i>Research Assistant, ERC SafeHouse project</i> Constructed Nordic datasets on privately held real estate and mortgages and digitized historical stock market data.	Remote 2018-2020
YWCA-YMCA of Sweden <i>Secretary for Local Associations</i> - Tasked with incorporating the operations of the Triangle Association (below) in a new organizational structure. - Worked in a team of three where I had the overarching budget responsibility. - Coordinated international projects in the Nordics and in southern Africa.	Stockholm, Sweden 2014-2016
Triangle Association of the Swedish YWCA-YMCA <i>General Secretary</i> - Sole employee of this NGO with approx. 13 000 members in 51 local associations across Sweden (local associations included summer camps, after-school activities and social projects such as Fryshuset). - Supported local associations with financing, knowledge exchange, implementation of national strategies and training of volunteers. - Project manager of this organization's merger with the YWCA-YMCA of Sweden, see above.	Stockholm, Sweden 2013-2014

Current Research Projects

<i>“Legal Uncertainty in European Merger Control ”</i> Job Market Paper, 2026. Studies how the accumulation of industry-specific case law in European merger control affects selection into merger attempts through reduced legal risk.	2026
---	------

Manuscript, 2026.

Studies asymmetric third-party effects of geopolitically motivated import tariffs in a trade model with heterogenous firms and endogenous markups.

Publications

2025: "Case law in European merger control," *International Review of Law and Economics*.
